

SIPP PRODUCT Fee Schedule

July 2025

Overview

This schedule is relevant for the following products administered by Alltrust:

- OASIS SIPP;
- Alltrust Full SIPP
- Rowanmoor SIPP
- Affinity SIPP
- Caledonian SIPP
- Castle Court SIPP
- Liberty SIPP

This Fee Schedule shows the Product Fees ie the fees for establishing the SIPP and the annual fees. This should be read in conjunction with our Transactional Fee Schedule and Property Fee Schedule for further details on the fees that we charge.

As well as our Fee Schedules you should also read our Key Features Document, Terms & Conditions and Permitted Investment List so that you can obtain a full overview of the SIPPs offered.

This document sets out our product fees. Its purpose is to enable you to be clear about the costs you may incur for the services you require when setting up one of our SIPPs.

All fees are subject to Value Added Tax (VAT) for UK-based members.

In the tables below each fee is explained and the cost is shown under the type of SIPP. Some fees do not apply as that SIPP does not offer that type of investment ie wherever there is a cross that investment / option is not available for that SIPP.

The SIPPs

OASIS SIPP

This is designed for customers who need a simple investment structure and therefore offers the SIPP Cash Account, Platform One or standard fixed deposit accounts (can be broken within 30 days).

An OASIS SIPP can be switched to an Alltrust full SIPP at anytime if more complex assets or additional platforms / DFMs are required.

Alltrust full SIPP

This is designed for those who would like complex products including non-standard and / or multiple DFMs / Platforms. This SIPP offers the full flexibility of investments including Commercial Property that are permitted investments in SIPPs by HMRC.

Please note that all fees may increase each year, at our discretion, in line with the index of Average Weekly Earnings.

SIPPs set up under OASIS that convert to the Alltrust Full SIPP will be charged the annual administration fee for the Alltrust Full SIPP. This will be pro rata from the date of conversion to the next anniversary date of the plan. If the SIPP converts in the first year, the Alltrust Full SIPP administration fee will be charged for that year with no pro rating.

Additional notes and important information

Alltrust requires members to obtain regulated financial advice for certain pension transactions, including but not limited to benefit crystallisation, the transfer of pensions into or out of your Alltrust pension, and the transfer or purchase of non-standard investments, unless the member has been formally assessed and accepted as a Knowledgeable Investor by Alltrust.

Where advice is required, it must be provided by a suitably qualified and regulated financial adviser. That adviser must have a signed agreement with us, except in the case of transfers out, where they must simply hold the appropriate regulatory permissions. This requirement is in place to ensure decisions are made in the best interests of our members and in line with regulatory expectations.

Alltrust reserves the right to decline any instruction that does not meet this requirement.

If you are unsure whether advice is required for your specific request, please contact us before proceeding.
